

## Beer Tasting

4 to 12 persons, 1.5h, 55€/person

Beer tasting is an “art,” just as brewing is a highly specialized blend of “art with science.” The more you know about the “Sense of Taste,” the more effectively you can enjoy the flavours presented to you.

You will taste 6 different beers and one digestive !  
Simon, our expert will teach you the art of tasting a French beer.

The beers are served with some cheeses and some cooked pork meats.

At the end, we give you a written description of each beer.
